

35,000 EXTRA VOTES

The Opportunity For Those Who Need Votes to Build Reserve Strength.

The end of the Kentuckian Automobile and trip contest is near at hand. There may be those who need more votes to guarantee success when the final count of ballots is made on Aug. 15. Only one can win the Ford Touring Car. The contest manager knows of several who want to add to their reserve strength, and for the benefit of those who want to work with renewed energy and determination, the following big offer is made: With each \$20 club turned in between Monday July 27 and Saturday night Aug. 1st, 35,000 extra votes will be given. Enough said. This is your opportunity and those who take advantage of this offer will be among the top when the last count is made. Don't be satisfied with one club, get two or more and prepare for a successful finish.

CALIFORNIA WALLINGFORD

Get-Rich-Quick Westerner To Be Called To Account In Tennessee.

Los Angeles, Cal., July 26.—B. F. Graham, multimillionaire land owner having offices in the Title Insurance & Trust building, was arrested in his office at noon Sunday on a charge of having swindled Thomas B. Ayers, of Nashville, Tenn., of \$30,000 in a \$1,500,000 timber land deal. Graham resisted the arrest and struggled with Detective William Ingram, but later, after a consultation with his attorney, former Judge Wheaton Gray, Graham accompanied the detective under protest. Graham was given a partial hearing before Justice of the Peace Summerfield and sent to jail until \$25,000 bail can be furnished.

The complaint alleges Graham represented to Ayers that he was acting as agent for the Graham Steamship Coal & Lumber company, owners of Graham island, Tennessee. He sold Ayers 110,000 acres, on which \$30,000 or more was paid. The Tennessee authorities allege that Graham was not authorized to act.

Graham was held in \$25,000 bail by Justice Summerfield, but latter Judge Jackson issued a writ of habeas corpus made returnable Monday. Attorney Wheaton Gray, representing Graham, said he was prepared to fight to the limit any attempts to extradite his client.

Graham has resided in Los Angeles three years, coming here from Chicago.

CONTRACTS IN TENNESSEE

Meacham Contracting Company Awarded Another \$35,000 Contract.

W. H. Courtney, Chief Engineer of the L. & N. R. R., has awarded a contract to the Meacham Contracting Co., of Hopkinsville and Nashville, for a first story Reinforced Concrete Wharf to be built near Danville, Tenn., where the railroad parallels the Tennessee river. The wharf consists of a concrete skeleton building about 150 ft. by 30 ft. resting on concrete piles. A connecting bridge 150 ft. in length joins the fourth story to the freight shed at the track, the shed being over 100 ft. in length. The entire structure is to be built of concrete and steel and is to be used to simplify the exchange of river and rail freight shipments.

Work on the building will be begun August first and rushed to rapid completion. The concrete piles are being driven to depths varying from 20 to 40 ft.

The contract will amount to \$35,000, or \$40,000. The same company has a tunnel contract at Pulaski amounting to a good deal more.

HOSPITAL ITEMS

Two New Surgical Cases Admitted and One Dismissed.

Al Williams, a workman boarding on North Virginia street, fell Sunday in a fainting spell and struck his head on some object, which rendered him unconscious. He had not regained consciousness yesterday and was taken to the Stuart Hospital for treatment. He is a stranger here.

Jesse Menges, a three-year-old son of Mr. Menges, of the Jack Daniel wholesale house, underwent an operation at the Stuart Hospital Sunday night for hernia. He is doing well.

Carter Owen, aged 14, son of Geo. L. Owen, operated upon three weeks ago, was able to be taken to his home at Casky Sunday.

Country House Not as Inconvenient as Formerly.

In the current issue of Farm and Fireside James A. King, an agricultural engineer, writes an article entitled "A Home Water and Sewer System." He describes one that was installed in an Iowa farm house and is now in successful operation. In the following extract from his article he makes a comparison of the old-fashioned farm home with the modern farm home:

"A farm home offers advantages that cannot be had in town or city at any price. They are advantages that go far toward making a wholesome and a happy life. Until recently town and city life afforded certain physical comforts which were not to be had in the farm home, and the absence of which detracted greatly from the attractiveness of farm life. These were the advantages and comforts that go with furnace heat, water works and sewer systems. But recent developments now make it possible to have these advantages in the country home at no greater expense than in the city home. So now country life holds out all of the advantages, with none of the disadvantages, of city and town life."

MIDNIGHT WEDDINGS

In Evansville on Account of The Heat in The Day.

Edward H. Jones, deputy tax collector at Owensboro, Ky., and Miss Blanche Goode, also of Owensboro, and Robert G. Lyddane and Miss Blanche Simmons, both of Owensboro, Ky., were united in marriage on the courthouse steps under the gas lights at Evansville at 1 o'clock this morning. Both ceremonies were performed by Magistrate Benjamin Morris. The two couples said it was too hot to get married during the day and therefore they chose the night.

Diamond Operations.

Machinery and barbed wire have supplanted the crude methods of breaking up diamond-bearing blue earth and protecting the valuable finds employed 20 years ago in the South African diamond mines. The depths of the strange crater shaped holes in which the peculiar diamond-bearing earth is confined are now penetrated by shafts, reaching hundreds of feet down into the earth with 40-foot levels. The broken earth is removed in closed trucks to the surface, where, after a season of exposure to sun and atmosphere, strewn on the ground, it is hauled to the mills. Here pulsators finally locate the diamonds on grease-covered inclined tables, to which the diamonds adhere, while loose sand, earth and gravel are washed away by water. Acres of ground, covered by broken earth brought up from the mines, contain possibly millions of dollars' worth of gems, and these treasure-troves are protected by high fences of barbed wire, with intricate arrangements at the corners and at the gates. About four thousand miles of wire are used in the defenses about the Kimberley mines.

To Get Rid of Red Ants.

Red ants can make a house almost uninhabitable. One can get rid of them, however, if one knows how. The first thing to do is to find the place they come from—i. e., where their nest is. If it be in an accessible spot, a little kerosene will quickly stop the trouble. On the other hand, if the nest be in the wall or under the floor, find the nearest accessible point, and kill the insects off as they appear.

MRS. H. B. CLARK

BURIED SUNDAY.

Passed Away Friday Night at the Age of 77 Years.

Mrs. Elizabeth Clark, widow of the late Esq. H. B. Clark, died Friday night, at the home of her daughter, Mrs. Geo. W. Baker, in this city.

Mrs. Clark was a daughter of Elijah J. Cox and was born Dec. 19, 1837, being in the 77th year of her age.

She was the second wife of Mr. Clark and her surviving children are George M., Claude R., Clifford A., Harry and Albert H. Clark, and Mrs. Ada Baker, of this city, and Mrs. Ellen Rich, of Dixon, Tenn.

Mrs. Clark was a life long member of the Shiloh Methodist church and was one of the best of women, whose good deeds were countless and whose Christian influence was felt throughout the circle of her acquaintance.

The funeral services were held Sunday morning and she was laid to rest in Riverside Cemetery by the side of her husband, who died about 18 months ago.

STANLEY'S IRON CONSTITUTION

Traveled 435 Miles and Spoke To 4,000 People In 28 1-2 Hours.

Owsey Stanley spoke in Louisville Friday night, left at 2:30 o'clock Saturday morning, came 174 miles by rail to Pembroke, arriving at 9:30, spoke an hour to 500 people and took auto for Hopkinsville 10 miles to dinner. At 1:00 spoke 1 hour 20 minutes. Wet all over with perspiration left at once for Lafayette 20 miles, spoke there an hour, returned across the country 25 miles to Gracey, spoke there an hour and left at once 6 miles to Cerulean Springs. After speaking there an hour returned 16 miles to Hopkinsville, held a conference at midnight with his Western campaign workers and then left by auto for Guthrie, 24 miles and thence by rail 160 miles to Louisville by 7 a. m. yesterday.

In 28 1/2 hours he traveled 334 miles by rail, 101 by auto and made five speeches of from an hour to 1 1/2 hours each and held a midnight conference. His record for one day was 435 miles of travel and six hours of speaking.

At Pembroke he spoke in the open air to 500 people, here in the Tabernacle to 2000, at Lafayette in the open air to 500, at Gracey he spoke from his automobile in the street to 500 and 20 minutes later to 500 at Cerulean Springs. During the day he was heard by not less than 4,000 people. He left here in good physical condition and ready for another strenuous day in Louisville yesterday.

Embarrassing.

Miss Blank was not young when she was married, wherefore the innocent question of a little neighbor proved annoying. "Why, how nice of you to bring me flowers, Jimmie!" was the way the trouble started. "And such a surprise, too; I don't think I ever had such a nice surprise before in all my life." "Not even when you got married?" asked the wide-eyed child.
